For sushi fans, there is no better dining experience than omakase.

If you haven't tried it yet, omakase is a meal in which the sushi chef selects and prepares his or her choice of the freshest fish at their fingertips.

Food blog [The Infatuation](#) has been scouting sushi destinations in the city for years, sampling a dizzying array of morsels to find the very best omakases New York has to offer. 15 East

15 East recently [lost its longtime chef](#), but its reservation book remains packed. There's a decadence to omakase here, with plenty of uni, gorgeous mackerel, and three to four chefs attending to your every whim. If sitting at the bar, feel free to ask questions and chat with the chefs — they love that here. *15 E. 15th St., New York, NY*
